

## **GIS seminars – 2009**

### **Dec. 21, 2009**

Akio Yamashita (Rakunogakuen Univ.)

[The creation of land use mesh data of Asian seven mega cities in three periods.](#)

### **Dec. 17, 2009**

Misao Hashimoto (SIS, Univ. of Tsukuba)

[Introduction of "ArcGIS data collection standad pack 2009". \(in Japanese\)](#)

Zhang Yu Min (SIS, Univ. of Tsukuba)

Spatial-temporal Modeling of Urban Dynamics: A Case Study of Tokyo Metropolitan Area.

### **Nov. 26 , 2009**

Chandra I. Wijaya (SIS, Univ. of Tsukuba)

Land Use Change Modeling using Spatial Logistic Regression; a case study of Siak Dstrict, Riav Province, Indonesia.

Toshio Soga (SIS, Univ. of Tsukuba)

[The MRI data aggregation tool adapted to the consolidation of municipalities -trial edition- \(in Japanese\)](#)

[An introduction of the Zi professional 7\(in Japanese\)](#)

### **Oct. 8 , 2009**

Charles N. Mundia (SIS, Univ. of Tsukuba)

Analysis of land use/cover changes and wildlife population dynamics in a wildlife sanctuary in East Africa.

Yuki Hanashima (SIS, Univ. of Tsukuba)

An error evaluation of thematic attributes in land use data.

Misao Hashimoto (SIS, Univ. of Tsukuba)

Relational analysis of wild animals and human living spaces using brown bears stomach contents and GIS.

### **Sep. 11 , 2009**

Niwa Yusuke (ESRI Japan)

Introduction to ERDAS/ IMAGINE.

Niwa Yusuke (ESRI Japan)

Introduction to IMAGINE Objective: application of feature extraction.

### **Sep. 3 , 2009**

Khoi Duong Dang (SIS, Univ. of Tsukuba)

[New feature of IDRISI Taiga](#)

Yuki Hanashima (SIS, Univ. of Tsukuba)

An evaluation of the human interpretaion error in geographical data -a case study of Land use

### **Jul. 2 , 2009**

Luan qiaolin (SIS, Univ. of Tsukuba)

Research on Rubber plant nutrient management information system based on GIS

**Jun. 11 , 2009**

YoungJoo Lee (CSIS, Univ. of Tokyo)

Comparative analysis of National Spatial Data Infrastructure Policies in foreign countries.

Tomohiko Uezu(SIS, Univ. of Tsukuba)

Formation processes of motorization society in OKINAWA south area - a perspective of urban structures

**May 19 , 2009 (with 4th Tsukuba GIS Salon)**

Mr.Shigeru Sueyoshi (NILIM)

The Platform of Geospatial Information

Mr.Kiyotaka Inaba (Tsukuba City)

City Planning Map in Tsukuba City

Mr.Shigeo Suzuki (ESRI Japan)

Latest Topic in ESRI Products

Mr.Susumu Takagichi (PASCO Corp.)

Introduction of applications using TerraSAR-X

**May 14 , 2009**

Yuki Hanashima (SIS, Univ. of Tsukuba)

Evaluation of uncertainty in geographical information

Koko Lwin (SIS, Univ. of Tsukuba)

A Computer Simulation of 3D GIS Walkable City

Matteo Gismondi (SIS, Univ. of Tsukuba)

Spatial and social behavioural analysis during and after the 2004 Chuetsu Earthquake. The Kawaguchi Village case of study

**Apr.16 , 2009**

Charles Mundia (SIS, Univ. of Tsukuba)

Land Use/Cover Changes in Masai Mara Ecosystem: A threat to Wildlife Sanctuary in East Africa

Park KyuTae (SIS, Univ. of Tsukuba)

Changes and enlivenment of central build-up area in suburban city -a case study of Tsuchiura city in Ibaraki prefecture

**Feb.26 , 2009**

Hiroyuki Miyazaki (Univ. of Tokyo CSIS)

Development of Global Urban Extent Map with ASTER Satellite Images

**Jan.22 , 2009**

Nagayama Toru (Geographical Survey Institute)

[Learning from land suitability analysis and Dutch spatial policy for sustainable land use in Japan](#)
