"Measures in Electoral Districts of the Diet Members and Spatial Transformations in the Organization of the Electoral Districts due to Changes in the Electoral System of the House of Representatives: A Case Study of Toyama Prefecture, Japan"

Rajesh Bahadur Thapa

"Spatial Decision Support Model for Sustainable Peri-Urban Agriculture: Case Study of Hanoi Province, Vietnam"

November 15, 2005

Yaolong Zhao

"Spatial scale in urban land-use pattern analysis for modeling urban dynamics : A case study of Tokyo Metropolitan Area"

Brandon M. Vista

"Consolidating, Visualizing and Analyzing ARC Data Using GIS : Simple Application of GIS in ARC Development in the Province of Pangasinan, Philippines"

October 20, 2005

Fatemeh AhmadiNejad

"Delimiting Boundaries for Public Female Junior High Schools Using Weighted Voronoi Polygons, A Case Study of Rasht City/Iran"

Moses Murimi Ngigi

"A Geographical Analysis of the HIV/AIDS Pandemic in Kenya"

Sept 15, 2005

Nobuhiko Komaki

"Lecturing and Hands-on studies in Quantitative Geography using SDAM(Spatial Data Analysis Machine)"

Mikimasa Harano

"An analysis using old edition 1:25000 topo maps: Land use change before and after the opening of a railway line"

June 9, 2005

Daisuke Watanabe

"Analyzing Road Network Pattern using Proximity Graphs"

May 19, 2005

Moses M. Ngigi

"AIDS and the City"

Yuji Takahashi

" A Study on Commodity Flow using Spatial Interaction Models"

April 15, 2005

Yaolong Zhao

"Effect characteristics of changing spatial scale on the results of urban land use pattern analysis using spatial autocorrelation indices"

Nobuhiko Komaki

"A study of measuring the automobile accessibility and the environment by travel speed: A case study of Suwa area, Nagano prefecture"

March 10, 2005

Tomomi O'hashi

"A geographical study about household of dual earner in American urban area"

Tomoka Katsuragi

"A geographical study about primary school district in case of Kashiwa city, Chiba prefecture"

February 17, 2005

Yaolong Zhao

"Modeling the dynamics of urban land use through the integration of CA and MCE based on GIS - a case study of Kunming city, China"

January 13, 2005

Tomohiko Uezu

"Generation mechanism of terminal traffic in Sendai City Area - the focus to seen P&R, K&R on commuting -"

Nobuhiko Komaki

"Spatial Structure of Local City in terms of Store Location and Shopping Trip Pattern: A Case Study of Tokushima City, Tokushima Prefecture"
