

Joint Project of AUE & Lab3E at University of Sfax and Springer:

Euro-Mediterranean Journal for Environmental Integration

Aims & Scope

Euro-Mediterranean Journal for Environmental Integration (EMJEI) is an international peer reviewed journal of "Association UNIVERSITY and Environment" (AUE) at University of Sfax in Tunisia. It presents original research articles, reviews and letters in all areas of Environmental and Earth Sciences. In particular, the journal focuses on innovative approaches and methods which contribute to preserve sustainable environments in the Euro-Mediterranean zone. EMJEI launches a Euro-Mediterranean scientific forum to further promote the exchange of knowledge and to foster collaborations between the countries of northern and southern shores of the Mediterranean Sea regarding emerging environmental issues.
